Introduction

Advantech's Avalo family USC-M6 touch monitor is designed to serve as a mini point-of-service (POS) solution that can be integrated with a box PC or secondary display for diverse applications. The ultra-slim display features a bezel-less PCAP touch panel for convenient and intuitive operation, while the VESA mount (75 x 75 mm/2.95 x 2.95 in) supports stand, wall, pole, and arm mounting for installation according to usage requirements. USC-M6 can also be integrated with a wide range of optional peripherals, such as a camera, RFID reader, or an external MSR or iButton module.
